PROFESSIONAL EXPERIENCE

FREELANCE ENGINEER   **Philadelphia, PA (Remote)**
Self Employed   **June 2023 - Present**

- Developed and deployed 5+ full-stack applications for clients across industries, including a CRUD app built with Wasp (React, Node.js, Prisma), reducing development time by 30%.
- Collaborated with 3–5 remote developers per project to ship production-grade features, managing clean Git/GitHub workflows and maintaining 100% merge request approval.
- Delivered custom front- and back-end solutions for 6+ clients, increasing project delivery speed and improving client satisfaction through scalable architecture and clean UI.
- Streamlined developer onboarding and enhanced code maintainability by documenting key technical decisions, testing strategies, and architectural choices, reducing onboarding time by 30%.

SOFTWARE ENGINEER   **Philadelphia, PA (Remote)**
Resilient Coders   **Feb 2023 - Present**

- Completed 100% of my tickets within 1 week, integrating JEST into application for end to end API testing and created documentation for helping engineers learn best practices for testing.
- Developed a full-stack ASL learning platform featuring interactive games to teach users basic American Sign Language, improving engagement and retention through gamified education.
- Built and deployed a community event MVP used by 20+ users, featuring event creation, RSVP tracking, and user authentication.
- Contributed to team-wide code consistency through peer reviews, GitHub PRs, and shared documentation.

SENIOR EMPLOYMENT & TRAINING SPECIALIST   **Boston, MA (In-office)**
Viability, Inc   **Feb 2018 - Jan 2021**

- Supported over 100 clients with disabilities in gaining access to employment, job training, and education opportunities.
- Provided vocational guidance, job placement, employer outreach, and training to foster long-term client success.
- Vocational guidance, job development, job placement, employer education, and customer relations.
- Maintained accurate documentation, generated weekly performance reports, and managed internal databases to track client outcomes.
- Prepared monthly billing for a high-volume caseload while ensuring compliance with organizational standards.
- Served as in-office Human Rights Coordinator, ensuring ethical compliance and client advocacy.

EDUCATION

SALEM STATE UNIVERSITY *B.A. in Communications with a concentration in Media Studies*   **2012-2016**
